Technical Guide: SoleX Index Release

Release Adjustments:

The SoleX has three points of adjustment for trigger travel, trigger tension, and length

Trigger Travel:

Trigger travel can be adjusted by turning the patent pending self-locking travel adjustment pin located on the side of the release body. Not only is the adjustment pin twice as precise as a standard 8/32" set screw, but it does also not allow for at any point of rotation to have the hook and trigger not fully engaged.

Trigger Tension:

Trigger tension can be adjusted with the set screw located in the front of the body of the release. When turning the set screw clockwise it will increase trigger tension and turning counterclockwise will decrease the trigger tension.

Lengthening the release from the wrist strap:

To lengthen the release from the wrist strap you will loosen the two screws located in the strap clamp. When you find the correct length for your hand and retighten the screws in the strap clamp making sure that it is secure and will not slip or move.

Resetting the release:

To reset the release simply pull the trigger and the release will reset due to the return spring on the hook.

Some release safety and care tips:

Always draw your bow pointed at a target and NEVER without an arrow on the string. A case of an accidental release could dry fire your bow and damage your equipment.

After any release adjustments test the release before drawing your bow

Always inspect your release and D loop before shooting.

Keep your release dry and free of debris

NEVER DISSASSEMBLE YOUR RELEASE

NEVER LUBRICATE YOUR RELEASE

Warranty Services:

If anything were to happen with your release that you would have to send it in for repairs, please contact our customer service and we will assign an RMA number for you to return your release. Our customer service line is 315-258-9269 or fill out the RMA form on our website.

We hope you enjoy your release and would love to hear your feedback. Our greatest source of improvement is you. We appreciate your business and value your thoughts. Contact us on our website or through Info@stanoutdoors.com.
